PROFESSIONAL EXPERIENCE

Freelance Automotive Video Editor

April 2026 – Present

Freelance

- Edited 10+ automotive videos for 5+ clients in Adobe Premiere Pro, After Effects, and DaVinci Resolve, from rough cut through final color grade.
- Produced cinematic automotive reels optimized for Instagram and other social platforms using pacing, sound design, and storytelling techniques.
- Applied professional color grading (Lumetri, DaVinci Resolve) and sound design to elevate production quality on every delivery.
- Built motion graphics and designed thumbnails to support social media campaigns and improve click-through.
- Streamlined post-production workflow using organized bin management, asset planning, and Premiere Pro–After Effects Dynamic Link.
- Managed the client relationship end-to-end, from creative brief to final revisions, resulting in repeat bookings.
- Delivered commercial-style edits for brand and product launches while maintaining consistent visual quality and storytelling standards.

SELECTED AUTOMOTIVE PROJECTS

- Skoda VRS – Cinematic Edit
- Continental GT 650 – Commercial Edit
- Land Rover Defender – Automotive Reel
